

INTERNATIONAL ZAGREB 2015 car cartoon exhibit

INFORMATION FOR EXHIBITORS

Honored Cartoonists (and all those who want to become one!)

This years 9th International Zagreb car cartoon exhibit 2015 marks the 117th anniversary of the car's first appearance in Croatia (count Marko Bombelles, 1898 in Vinic near Varazdin).

Since those early days, in all its guises, the car has become an essential part of everyday life.

"His Majesty", the car, has become so necessary for work and play that it is difficult to imagine any activity which does not involve the use of an automobile.

From basic functions such as travelling to and from work, to every other type of economic, sport, cultural, political, recreational, tourist, health, military, police or "romantic" pursuit.

It is OMNIPRESENT, EVER DESIRABLE and IRREPLACEABLE! Life without a car is unimaginable. We ask ourselves how did we manage to live without the car for thousands of years.

So our focus this year as well as a theme is going to be on
LOVE AT THE WHEEL

The main sponsors for this year 9th International Zagreb Car Cartoon Exhibit is Mayor of City Zagreb - Mr. Milan Bandić. He will be presenting the Grand Prix prize of Zagreb. The other sponsors will be revealed on the opening day. There will be two more prizes: 2 special acknowledgements and 5 special congratulations.

This exhibition provides Zagreb and Croatia with an annual cultural and artistic show which is rapidly attracting international followers - with a theme instantly recognizable by all – **car in our daily work and life**.

The deadline for submission has been extended till **14th of August** this year due to changes in program. 9th Salon will be open, and the exhibition will be set up in the lobby of City of Zagreb in the autumn of 2015. Due to the change of date 9th Salon allows authors to send one more - a total of 3 (three) cartoons on the theme "Love at the wheel"
